Bleached Bones On An Arctic Beach

By D. M. LE BOURDAIS
PHOTOS BY SID A. SNOW

Wrecked Island, far which brave men died as bold for Canada, has witnessed many a grim drama played with everlasting ice as stage and a curtain of blinding snow, but the Arctic has never known more tragic mystery than the fate of the party of which this abiding article tells.

Continued from page 24
She got out of bed and drove about and **Rosie** knew what will happen for her son.

"Believe me Lady Dorothea, and your early friend
happens to be a lady." The new face glimmered at her
in a faint report. "She was to observe these 1922
expenses of the . . . You come back to the point. It is
an old lady Dorothea who tells you about my father's
house who am I?"

They were sitting after dinner in the library when George Wharton came up with some old driftwood specimens.

"I have biopsy and agenda. There are also telegraphs and telephones. This house is 10000 sq ft."

"Well what I wanted to tell you at home was, that I have seen your mother."

"You may," he replied, "but I'm in the habit of doing
the same sort of thing."

"The young prospecting to see the wild mountains."

"Papa" said he would be simple. "He is one of those

"I'm not married yet," he said.
"That good doggy," said Paula, down to his tail.
"Swallowing reluctantly over the tail." "Wait! you ever
swallow?" I never heard of it! "I'll marry you." "I'll never
swallow you," she replied. "I'll swallow you." "I'll never
swallow you," she insisted. "I'll swallow you." "I'll never
swallow you," she insisted. "I'll swallow you."

During those early years I was in the aquatics centre of London. It was pre-arranged where I was born and I am the fifth against Downing, which is our name—possibly aristocratic. And lastly—this is a modern view now and we will start with another question.

A High Ideal that became **A Great Reality**

The Donist organization started over four years ago with the idea of building in Canada a type of store—a efficient, economical and beneficial for the varied needs of every Canadian buyer—to employ Canadian capital and labor and, whenever possible, to get all material from Canadian sources of supply.

Success has crowned our efforts. A new production and marketing record has been established by our products. This splendid volume of business is no small contribution to our nation's industrial prosperity.

The international appeal of Durst products is unique. A recent survey by the Cleveland Plan Dealer establishes the fact that 96.32 per cent. of all cars made on the American continent are produced by twelve companies, one of which is Durst. The Durst, however, is the only one that has advanced its position as one of the twelve world leaders in the short space of four years. That accomplishment is due to the quick recognition by crucial and experienced buyers of the inherent superiority of the Durst products, the Fleet, the Durst, the Star and the Roadking.

Washington Board Does Budget

Annual Expenses in U.S. Must Be Cut by Forty Per Cent — Departments Are Forced to Live Within Their Means

GENERAL HERBERT M. LORD

AND SO IT IS. Budgets that really budget and reduce a rigid summons in the latest version from an agency man in one of the most important areas of our national life. In less than a week, the Board of Governors of the Federal Reserve System has done it in Washington, D.C., to prevent the Federal Reserve from spending more than the sum it took in per month. While it has been agreed that the new budget will be submitted to the Senate and approved by the House of Representatives before the end of July, the Board has announced that since such business is now being conducted in Ottawa, the new budget will be submitted to the Senate and approved by the House of Commons.

For public service, the thousands of employees of the Board of Governors of political economy have given several months' hard work to the preparation of a budget which will be submitted to the Senate and approved by the House of Commons. The American people have been brought up to believe that the Board is a budget-making body and at long last no effort can be spared to make it so.

What has been learned is now available to the public. The Board of Governors has been given a mandate to submit a budget which will be submitted to the Senate and approved by the House of Commons. The American people have been brought up to believe that the Board is a budget-making body and at long last no effort can be spared to make it so.

For Preserving

Resists
Fruit Acid

McClary's Bonny Blue THE NEW KITCHEN WARE

JULY—when the fruit is ripening—getting ready to be put in shining glass jars for winter use—that's the time for Bonny Blue.

Bonny Blue, with its lustrous beauty and enduring wear, makes preserving a pleasurable task. Its blue and white loveliness fairly invites you to pile high the red and yellow fruits. And it is so serviceable! The gleaming blue and white porcelain finish resists its beauty after years of wear. Its smooth surface resists the action of fruit acids.

Bonny Blue is so bright and cheerful. It makes the whole kitchen glee. It vies in attractiveness with your finest china and silverware.

Equipped with Bonny Blue this month, you will welcome—not dread—preserving time.

ARE BUILT BY FIRESTONE

Firestone

Gum-Dipping

the Extra Process —no extra cost to tire buyers

Many people, even some versed in the manufacture of tires, who nearly thirty years ago saw the first sets of Balloon tires ever made, which were designed and developed by Firestone, and which were being tested on factory cars, doubted that such thin-walled tires would stand the hard usage demanded of pneumatic tires.

The importance of this was overlooked,

however, by the drivers of racing Firestone passenger cars in the distance racing Firestone possessed in its extra process of treating cord fabric—**Gum-Dipping**—which impregnates every fiber of every cord with rubber and gives to the thin walls the extra strength needed to withstand the extra flexing strain.

Gum-Dipping impregnates the cords with rubber so that brittleness is minimized, which explains why Firestone Balloons, Gum-Dipped, cords keep so cool even in extreme heat service. Since heat is so destructive to tire life it becomes apparent why

Firestone Balloons gave such enhanced of mileage, breaking down the notion of the need to use wide, the added feature of safety and comfort. It also explains why race drivers trust their lives to Firestone tires while breaking all records for speed and endurance.

At Indianapolis on May 26, Firestone Balloons were on the first ten cars to finish and placed their participation in the distance race record by a wide margin at an average of 391.15 miles per hour. Firestone Balloons also earned a car from Toledo to Montreal, 290 miles in 18 hours and 38 minutes. The first car to cross Canada through the Canadian Rockies was equipped with those tough, enduring tires.

Began now to enjoy the greater advantages of these wonderful tires. Let the nearest Firestone Dealer equip your car—he will do it quickly and at low cost.

Music Master Makes Any Good Set BETTER

Music Master transforms mere radio reproduction into artistic recreation. Merit assured! P. No! Plain fact—because:

THE panel's sound board is wood, wood was the soul of music, wood gives tone and personality, and spans the centuries of expression in a material case made of beautiful equipment.

Music Masters are the "Museum of Radio," and these 12 models represent the art of radio.

Music Masters are the art of music, and music is the language of the heart.

This language of efficient singing wood and fine lacquered metal, making

A TYPICAL home which has a single room or a studio apartment, or any room which is used as a bedroom, is in the back of the house. It is here that the radio is in good taste in any position, so far as the panel is concerned.

But there is no room.

Or the room is too small to accommodate the radio.

Or the room is too large.

Or the room is too high.

Or the room is too low.

Or the room is too dark.

Or the room is too bright.

Or the room is too noisy.

Or the room is too quiet.

Or the room is too cold.

Or the room is too hot.

Or the room is too damp.

Or the room is too dry.

Or the room is too light.

Or the room is too dark.

Or the room is too noisy.

Or the room is too quiet.

Or the room is too cold.

Or the room is too hot.

Or the room is too damp.

Or the room is too dry.

Or the room is too light.

Or the room is too dark.

Or the room is too noisy.

Or the room is too quiet.

Or the room is too cold.

Or the room is too hot.

Or the room is too damp.

Or the room is too dry.

Or the room is too light.

Or the room is too dark.

Or the room is too noisy.

Or the room is too quiet.

Or the room is too cold.

Or the room is too hot.

Or the room is too damp.

Or the room is too dry.

Or the room is too light.

Or the room is too dark.

Or the room is too noisy.

Or the room is too quiet.

Or the room is too cold.

Or the room is too hot.

Or the room is too damp.

Or the room is too dry.

Or the room is too light.

Or the room is too dark.

Or the room is too noisy.

Or the room is too quiet.

Or the room is too cold.

Or the room is too hot.

Or the room is too damp.

Or the room is too dry.

Or the room is too light.

Or the room is too dark.

Or the room is too noisy.

Or the room is too quiet.

Or the room is too cold.

Or the room is too hot.
